JUNE 2022

NOTES FROM PRINCIPAL ERBSKORN

SCHOOL SAFETY: FIRST THINGS FIRST

As the tragedy in Uvalde continues to unfold and the senseless loss of life weighs heavily on all of us, please know that safety continues to remain the top priority for us at Davis Elementary. Each summer, administration works to review, adjust, and communicate our local safety plans with the district and with our staff. If you watch the latest CCSD Board Meeting on 6/9/2022, Superintendent Ragsdale discussed school safety and measures that Cobb County has taken and will continue to take to address safety in all of our schools.

At Davis, we put much thought into not only our procedures and processes, but also into staffing and schedules to ensure that parents and community members get to know our staff on a personal level. The strength of our Davis community lies in our relationships and the vigilance of all of us in working to keep our community safe. As we learn more about safety updates and any process updates for the fall, I will keep you informed.

MAKING YOUR CHILD A SUPER READER

EVERY CHILD IS A SUPER READER :

7 STRENGTHS TO OPEN A WORLD OF POSSIBILITIES

BY PAM ALLYN AND ERNEST MORRELL

How do we raise super readers? Super readers read interactively. Much like learning to ride a bike, reading is a complex activity that requires practice and the integration of many skills. When you read to your child you model the flow and power of stories and the emotions of comfort and happiness reading can elicit. Read to your child daily and see their love of reading ignite.

Super readers also have a strong foundation in oral language. Reading aloud to your child introduces them to rich vocabulary and also initiates conversation about text. Talking about books and stories deepens, extends, and refines the meaning your child absorbs. This summer, challenge yourself to read to your child and talk about books each day!
