

Greeting Scotties!

In order to ensure that our students and families are able to access valuable learning tools while we are away from school, we have compiled a list of resources that can be accessed from home.

CCSD families can access supplemental digital resources through the Cobb Digital Library! These resources are used regularly in our classrooms and provide our students with engaging digital activities.

*The Cobb Digital Library can be accessed via computer, tablet, or mobile device using the MackinVIA app, or at home using <https://cobb.mackinvia.com> Students log on using their Office 365 login (typically firstname.lastname and computer password).

The Cobb Digital Library (CDL) provides Cobb County School District (CCSD) students with access to high-quality information resources designed to support and scaffold our students as researchers and innovative thinkers. Click [here](#) to access the learning tools below.
