

## IB MYP Community Service Project

**Say Something!**

**Do Something!**

**¡Di algo!**

**¡Haz algo!**

**What is the 8<sup>th</sup> grade IB MYP Community Service Project?**

The IB MYP Community Service Project seeks to develop globally-minded students who demonstrate a concern for helping others in our society.

Students are provided with an opportunity to bring awareness or to advocate for a concern that affects our local or global community.

Students may choose to work independently or with a group of no more than three students; they are assisted by a teacher/mentor who will guide them during the process.

**How will students complete this project?**

- ❖ Create a video PSA that will advocate for a cause or concern
- ❖ Write an original song/rap that will bring awareness to a concern
- ❖ Perform a dance that will address an issue
- ❖ Write and perform a powerful speech that will discuss your position on a topic
- ❖ Create artwork, sculpture, or a mural that will depict an issue of concern

Projects will be completed in the student's eighth grade ELA class. This project activity culminates in an IB Community Project Showcase to be presented **virtually** in March 2021.
