

What is a School Parent Compact?

Building Partnerships

There are many opportunities at our school for parents to volunteer and play a role in their child's education. Please consider joining the faculty, staff, and your student through some of the following events and programs -

Share information in English and Spanish on CTLS Learn for parents to understand the school's academic standards and assessments as well as utilize ParentVue to monitor students' academic progress and communicate with educators.

Communicate with all families and the community on a regular basis regarding school-wide events and activities, through phone messages, social media, and the school's website.

Develop relevant trainings and presentations to educate our staff on the importance of parent and family engagement and how to support student learning.

Provide materials, resources, and information for parents at conferences, meetings, and activities to help support their child's academic achievement.

Use our Partners in Education and

School-Community Team to improve awareness of the activities and events listed in the school parent and family engagement policy.

Provide Literacy and SEL sessions for parents and family members to help further enhance their understanding of the middle school student.

Collect feedback from parents and family members at all events, place input cards around the building and post a suggestion form on the school website in order to respond to parents' requests for additional support for parent and family engagement activities.

Performing with EXCELLENCE!
