

## K - 5 Elementary Students

Online learning for Elementary students will include high-quality educators using a high-quality platform, all while being aligned to Georgia's rigorous standards. For the 21-22 school year, our online Elementary learners will participate in a geographic "cluster model" where students will remain enrolled in their home schools but may be clustered with students/teachers at other schools.

## 6 - 8 Middle School Students

Cobb Online Learning Academy is a new, full-time learning environment where students in grades 6-12 will learn content aligned with Georgia standards. Students will learn synchronously and asynchronously, five days a week, from a highly skilled educator on a high-quality learning platform. Students choosing this option will be enrolled with COLA.

## 9 - 12 High School Students

Cobb Virtual Academy is a part-time online learning environment where students grades 9-12 will learn content aligned Georgia standards. Students will learn asynchronously using high quality, Internet delivered courses supported by highly skilled educators and have opportunities for in-person or virtual synchronous support. CVA is a supplemental program serving students currently enrolled in all CCSD high schools. Some CVA courses may be appropriate for middle school students wishing to obtain credit for high school courses.

Cobb Horizon High School is a non-punitive alternative school that is available to Cobb county high school students. Students may apply to attend Cobb Horizon instead of their designated CCSD high school if they are in need of a different path to obtain enough credits to earn a high school diploma.
