Connect Chromebook to “School Bus” Internet Hotspot

1. Power on Chromebook.

2. Click the Wi-Fi symbol from the menu on bottom of screen and select the CCSDSchoolBus network. Please note: This process might take a few seconds to connect.

3. Launch the Chrome browser.

4. In Chrome, a log-in page should appear. If it does not after a few seconds, please type “cobbk12” into the Google search box and hit enter. The Public Internet Access login page shown below will appear.

5. Enter the following password exactly as typed: accessmySch00l (note the capital S and double zeros in “Sch00l”).

6. You are now connected to the Cobb “School Bus” internet hotspot.
