EXTRACURRICULAR ACTIVITIES

Participation in interscholastic/extracurricular activities in CCSD schools is a privilege. Students participating in these activities are considered to be school leaders. They are role models who represent their school and more importantly, depict its character. With leadership comes additional responsibility and student participants must adhere to high standards of conduct (see Pages 47-48 of this guide). When students violate these high standards, the District may withdraw the privilege

to participate in interscholastic/ extracurricular activities. High schools are members of the Georgia High School Association (GHSA). Participation in extracurricular activities is in accordance with GHSA guidelines.

FOOD & NUTRITION PROGRAM

Our menus are student focused and influenced to provide a nutritious and fun atmosphere to help support a modern learning environment. SECURITY AND PRIVACY OF STUDENT DATA

Our approach to protecting your students data is relatively simple: it's important and the time and resources we invest to protect student data reflect that priority.

All district solutions are vetted by the District and are in compliance with FERPA (Family Educational Rights Privacy Act). Additionally, we ensure the security of sensitive and personally identifiable data and mitigate the risks of unauthorized disclosure of such data. We employ a variety of security measures included the vetting of District-approved applications, physical security, network mapping, authentication measures, layered defense architecture, secure configurations, access controls, firewalls, intrusion detection systems, automated vulnerability scanning, patch management, incident handling, and audit/compliance monitoring.

SMOKING/USE OF TOBACCO

Smoking and the use, possession, sale, or distribution of any tobacco product by any person is prohibited on school property and at school-sponsored events, 24 hours a day, 7 days a week.

SOCIAL NETWORKING/MOBILE TECHNOLOGY

Please see the Student Code of Conduct for allowed use of mobile devices or tablets at school. Devices improperly used during the school day are subject to confiscation. If a cell phone or other electronic device is found to contain evidence of criminal activity, including types of pornography, that device may be permanently confiscated and provided to law enforcement. Please remind your children of the harmful effects of texting inappropriate videos, pictures or information. This practice, sometimes known as "sexting",

can have serious educational and criminal repercussions. The CCSD firewall prevents access to social media while using school technology resources; however, these sites are being accessed on personal computing devices. Please talk with your child about appropriate internet behavior and the importance of never posting or sharing something hurtful, profane or obscene online. We consider such incidents a form of "cyber harassment" and possibly bullying. Having access to your child's online networking account or internet use is a step in the right direction. Remember that students sometimes share personal information that jeopardizes their safety such as suggestive photos, date of birth, and home address. Please contact the Prevention/Intervention Center at 770-429-5846 for more information regarding online safety.

SPECIAL EDUCATION

The Cobb County School District offers a full range of special education services for children ages 3–21 who have disabilities under the Individuals with Disabilities Education Improvement Act (IDEA 2004). Specially designed instruction is provided through a continuum of educational environments from regular class placements with special services in the student's home school to full day programs in specialized environments. The type and degree of services provided are determined through the development of an Individual Education Program (IEP) to meet the unique needs of the child with a disability at no cost to parents. For more information, visit the District website at www.cobbk12.org or contact the Special Education Department at 770-426-3309.

TEACHING AND LEARNING RESOURCES FOR PARENTS

Engaging families in the educational lives of their children is a core mission of the Cobb County School

District. The Teaching and Learning Division provides families the opportunity to find information related to the Cobb Teaching and Learning standards, which are aligned to state standards, at www.cobbk12.org.

TEXTBOOKS

Textbooks are furnished without cost to students and are the property of the state of Georgia and the Cobb County School District. Students and their parents/guardians are held accountable for lost or damaged textbooks. The District must be reimbursed for lost or damaged textbooks. The use of textbooks can be suspended and certain student records may be held until payment has been made.

TRANSPORTATION

The District's Transportation Department meets and exceeds all federal, and state guidelines when transporting students. Riding a school bus is a privilege; students shall follow all student behavior policies and regulations outlined in the code of conduct and the Safe Rider Program. For added safety students and staff are subject to video surveillance and buses are equipped with telematic technology which places a time stamp on bus stops, run times, and location. . All students must have a Safe Rider Contract on file with their bus driver and eight and under students will have a yellow tag placed on their book bag to indicate they are 8 and under requiring parental supervision at the bus stop. Students may bring water on the bus from August until October 1st as long as it is in a container with a secure screw on lid. Parents can establish an account and have access to the secure parent app called "Here Comes the Bus" to receive notifications when your child's school bus has entered your zone and near your assigned bus stop. Follow this link to sign up : <https://herecomesthebus.com/getting-started/> Parents will need to enter the HCTB District School Code 87881 as part of their initial registration to

gain log in access. Bus routes and schedules are available in all schools and on the District website.

VISITORS TO SCHOOL

The District expects that all parents/guardians and visitors will treat school staff and students with courtesy. Schools are always hopeful that this will not be an issue, but parents/guardians, students and visitors should be aware that Georgia law prohibits certain behavior on school property, in school safety zones, on school buses and at bus stops.

For example, the law prohibits a person from loitering or being on school property without a legitimate need to be there. It requires that visitors check in at the school's designated location. It also provides penalties for individuals who refuse to leave school property when directed, and prohibits disruptive conduct on school property, including school buses and bus stops. Additionally, the law prohibits individuals from upbraiding, insulting or abusing public school employees in the presence of students and minors. If the educational environment is or could be negatively impacted, the District reserves the right to place restrictions on the ability of certain individuals to come onto campus, attend school events, or interact with staff. Schools may also place restrictions on individuals who have violated certain school policies or state/federal laws.

VOLUNTEERS

Parents and community members may volunteer to assist in school functions and extracurricular activities, at the direction of local school administration. Beginning July 1, 2012, all volunteers who work with children in the state of Georgia are required by law to report suspected child abuse as required by O.C.G.A. § 19-7-5.

Medications And Health Care At School - Questions And Answers

Additional questions and answers about medications and health care at school are provided on the School Health Services section of the District website at www.cobbk12.org.

1. Does the school provide medications?

No, the school does not provide medication. Medication must be brought to the front office or school clinic by the parent/ guardian except as otherwise permitted. An "Authorization to Give Medication" Form JGCD-2 must be completed and filed with the School Clinic.

2. Where can I find medication authorization forms?

Medication Authorization forms are found in the school front office, school clinic, or online. To find forms online go to www.cobbk12.org. Locate and click on 'Policies & Rules,' under the 'Board' menu option. Click on Section "J-Students." Find Administrative Rule JGCD-R (Medication). Click on the Form needed.

3. Why do medications have to be in the original container?

The original container provides information from the manufacturer about over-the-counter medications, including the name of the medication, the proper dose, how the medication should be given, how often the medication can be given, possible side effects, and when the medication is no

longer effective (an expiration date). The original prescription container includes the name of the medication, the patient's name, the prescribing health care provider, the proper dose, how and when it should be given, how long the medication should be given, when the medication expires, and the pharmacy where the medication was purchased. All of this information is necessary for the School Nurse or trained school staff to administer medication in a safe manner.

4. What if my child's medication or dosage changes?

Parents/guardians must inform the School Nurse of any medication changes in writing. New medication or different doses will not be given unless the parent/guardian completes a new medication authorization form. The information on the prescription bottle label must match the new form. A new container must be provided for change in dose or administration time.

5. May my child carry over-the-counter medication at school?

Middle school students (grades 6-8) may carry certain over-the-counter medications: ibuprofen (i.e.: Advil, Motrin, Midol), acetaminophen (i.e. Tylenol), aspirin, antacids, cough drops, throat lozenges and oral antihistamines with a completed "Authorization to Carry Over-the-Counter Medication" Form JGCD-7 on file in the clinic. The student should carry a copy of the Form with the medication. The medication must be kept in the original container.

High school students may carry any over-the-counter medication and do not need to complete an "Authorization to Carry Over-the-Counter Medication."

6. Can my child carry their epinephrine auto injector, insulin or asthma inhaler at school?

Yes, students may carry inhalers, epinephrine auto injectors or insulin with a completed "Authorization to Carry a Prescription Medication" Form JGCD-10 on file in the clinic.

7. If I give my child fever-reducing medication for a fever, can I still send them to school?

No, students with a fever should not be given fever-reducing medication in order to return to school. Students may not return to school until free of fever for 24 hours without the use of fever-reducing medication or for 72 hours without the use of fever-reducing medication if diagnosed with COVID-19 and had symptoms.

8. How much time do I have to get to the school if the nurse calls me to pick up my child because he's sick?

You, or a person you designate, should arrive within one hour of being called. Most school clinics have an area where your child can rest for a short period of time. You, or a person you designate, must arrive within 15 minutes if your child has a fever of 104 degrees F or higher. Otherwise, 911 will be called.

9. What happens to my child's medication at the end of the school year?

All medications not picked-up by parents/guardians by the last day of school will be destroyed.

10. Can my child take herbal medication at school?

No. Over-the-counter diet pills, vitamins and dietary supplements, including but not limited to minerals, herbals, homeopathic medications or any alternative medications non-FDA approved, will not be given.

2. How the complainant may provide additional information;
3. A statement of the ways in which the District may investigate or address the complaint, and
4. Any other pertinent information.

If the complaint involves a specific CCSD Area or department, the Superintendent or his designee will also send a copy of the Letter of Acknowledgment to the Area Superintendent & the Office of Accountability, along with a copy of the complaint. The Superintendent or his designee will contact the identified CCSD Area or Department to clarify the issues and review the complaint process.

The Superintendent or his designee will have sixty (60) days from the receipt of the information or completion of the investigation to review and determine whether:

1. Additional information is needed;
2. An on-site investigation must be conducted;
3. Other measures must be taken to resolve the issues raised in the complaint; or
4. A Letter of Findings can be issued.

If a Letter of Findings is issued, and indicates that a violation has been found, corrective action will be required and timelines for completion will be included. The sixty (60) day timeline outlined above may be extended, if exceptional circumstances exist. The Letter of Findings will be sent directly to the complainant.

F. Right of Appeal

If the complaint cannot be resolved at the local level, the complainant has the right to request a review of the decision by the Georgia Department of Education. Notification Of Online Learning Options

In July 2012, Senate Bill 289 passed allowing students opportunities to take online courses. This legislation does not require an online course to graduate but provides an online learning option should your student or you choose this option. In addition, House Bill 175 passed establishing a clearinghouse for stakeholders to find online courses and online course providers in the state of Georgia. This letter is to inform you about the key components of each piece of legislation and how to find online learning opportunities for your student.

Overview of Senate Bill 289:

- Districts must notify students and parents of online options beginning in the 2013-2014 school year.
- Districts must allow students to take an online course even if the course is offered in the local district.
- Online courses can be accessed through the Cobb Virtual Academy, the Georgia Virtual School, or vendor online schools.
- If the online course is taken in lieu of any of the regular 6 periods, then the school will pay for the course. If an online course is chosen in addition to the regular 6 periods, the parent will pay for the course.
- The Cobb Online Learning Academy is available to middle and high school students. Students will participate in a combination of live (synchronous) and independent learning experiences (asynchronous) that align to the Georgia Standards of Excellence.
- The Elementary Virtual Program is available to elementary schools. Students will participate in a combination of live (synchronous) and independent learning experiences (asynchronous) that align to the Georgia Standards of Excellence.

Overview of House Bill 175:

This bill mandates the creation of an online clearinghouse of online courses and online course providers to give parents and students the ability to search the clearinghouse for availability to online courses, online course providers, and guidelines for what constitutes high quality online courses.

Accessing Georgia's Online Clearinghouse: The Georgia Online Clearinghouse provides students and parent with information and access to high-quality academic and career-oriented courses, aligned to state and national standards, through a variety of online providers. To access the information found in the clearinghouse go to: <http://www.gadoe.org/layouts/GADOEPublic.SPApp/Clearinghouse.aspx>

Step One: Type in the course you need (for example, 9th grade Literature)

Step Two: Type in your zip code. You will then see a list of the online course providers in Georgia who have the course you selected. The program provider's names have been linked for users to access their site for registration information.

Step Three: Utilize the provider's site to register the student in the selected online course

Technology Consent

As part of any classroom in the Cobb County School District, your student will be using a variety of online applications as a support for their educational experience. The District believes, when used as a supplement by high-quality teachers, online applications enhance student learning and engagement. In order for students to use these tools, certain personal information must be provided to the application. Under the Children's Online Privacy Protection Act (COPPA), these applications must provide notification and obtain consent before collecting personal information from children under the age of 13. The District is providing you with this notice that our staff can provide consent to allow an account to be created for your child, and to allow information about your child to be shared with certain software, application ("app"), or online providers. All websites and tools have been and will continue to be thoroughly examined by experienced educators. Many of these applications are commonly used in education today, but new applications are created every day. Common online application tools that your child may encounter and use include, but are not limited to (almost all of which require an email account to use):

- **Networks:** A networking site is a place where teachers and students can communicate, collaborate, and share content. Examples include email and cloud file storage and sharing.
- **Blogs:** A blog is a website where student work can be published online.
- **Podcasts:** A podcast is a digital audio file that is distributed over the Internet for playback.
- **Videos:** A video is a recording displaying moving images and audio. Digital video files can incorporate photos, voiceovers, and music.
- **Social Bookmarking:** Social Bookmarking is a way for Internet users to save, classify, and share websites.

As these applications are instrumental in the development of the curriculum, we are asking that you and your child review the information below. If you wish for your child NOT to participate in online activities, you must notify your child's school principal in writing. If you indicate that you do not give your child permission to use these Web application and technology tools, an alternative assignment will be provided. If you consent to your student's use of these tools, no further action is required.

Student Information

- Students are responsible for good behavior/character online just as in our school building. Students are not permitted to use obscene, profane, threatening, or disrespectful language. Students should notify the teacher of anything inappropriate. Bullying will not be tolerated.
 - Copyright infringement occurs when an individual reproduces a work that is protected by a copyright without permission from the creator. If the user is unsure whether or not they can use the material, they should request permission from the copyright owner.
 - All use of online applications must be in accordance with the Acceptable Use Policy of the District. <http://www.cobbk12.org/centraloffice/adminrules/I/IFBG-R.pdf>
-

Parent Information

These are the laws and policies that help to protect our students online:

Children's Internet Protection Act (CIPA): The school is required by CIPA to have technology measures and policies in place that protect students from harmful materials including those that are obscene and pornographic. Any harmful content contained within inappropriate sites will be blocked. <http://fcc.gov/cgb/consumerfacts/cipa.html>

Children's Online Privacy Protection Act (COPPA): COPPA applies to commercial companies and limits their ability to collect personal information from children under 13 years of age. No personal student information is collected for commercial purposes. <http://www.ftc.gov/privacy/coppafaqs.shtm>

Family Educational Rights and Privacy Act (FERPA): FERPA protects the privacy of student education records and gives parents the right to review records. Under FERPA, schools may disclose directory information in certain circumstances. More information regarding FERPA may be found in this Guide (<http://www.cobbk12.org/centraloffice/communications/>). <http://www2.ed.gov/policy/gen/guid/fpco/ferpa>

Objection Procedure

If, after reading the information provided regarding the use of Web tool applications in your child's school, you do not consent to your child's use of Web application tools, please notify the Principal of the school in writing by September 17, 2022 or within 10 days of enrollment.

Homeless Students

The McKinney-Vento Homeless Assistance Act (the Act) ensures educational rights for children and youth experiencing homelessness. The primary goal is educational stability. The Act defines homeless students as those who lack a fixed, regular, and adequate nighttime residence. This includes the following:

1. Children and youth who are forced to share the housing of other persons due to the loss of housing, economic hardship, or a similar reason; live in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; live in emergency or transitional shelters; or are abandoned in hospitals;
2. Children and youth who have a primary nighttime residence that is not designed for or ordinarily used as regular sleeping accommodations for human beings;
3. Children and youth who live in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; or,
4. Migratory children who are living in circumstances set forth in items 1, 2 and 3.

Homeless Unaccompanied Youth are students who are not in the physical custody of a parent/guardian and are living in one of the situations listed above.

McKinney-Vento students have certain educational rights: enroll in school without delay even if the student lacks documents normally required for enrollment or while documentation is being obtained; choose between the local school where they are living or the school of origin, when requested by the family and determined by the district to be in the student's best interest; attend school and participate in school programs with children who are not homeless; and receive all the school services available to other students including transportation services, special educational services where applicable, and meals through the school meals programs.

To be considered for eligibility, students or their families should complete Form JBC (I)-1 [Student Residency Statement (SRS)]. The form is available online at www.cobbk12.org in the Board Policy Manual under section JBC (I)-R or at the local school. Email the completed form to the Homeless Education Program (HEP) office at HEP@cobbk12.org or give the form to the school. Eligibility for McKinney-Vento services is for one school year at a time. Each school year, a new SRS form should be submitted after July 1, to determine continued eligibility.

For more information regarding McKinney-Vento services, see Administrative Rule JBC (1)-R, or contact the HEP office at 678-503-0173.

The School District does not discriminate on the basis of race, national origin, color, sex, disability, or age in administering the McKinney-Vento Act. See the "Chart of Responsibilities for Responses to Civil Rights Concerns" in this Guide for the title, telephone number and address of the person(s) responsible for coordinating compliance efforts related to Title VI, Title IX, Section 504, Title II, and the Age Discrimination Act.

Compulsory Attendance Law

According to Georgia Law (20-2-690-1.), children between the ages of six and 16 must enroll in a private, public, or home school program. The school district is charged with responsibility for enforcing the Compulsory Attendance Law. The school social worker must investigate, monitor, and follow-up with student attendance problems. While the school social worker may be required to file charges in State Court or Juvenile Court for chronic attendance problems, we are primarily dedicated to working with the family to improve student attendance. Children may be temporarily excused from school (see Administrative Rule JB-R [Student Attendance]):

- A. When personally ill and when attendance in school would endanger their health or the health of others.
- B. When, in their immediate family, there is a serious illness or death, which would reasonably necessitate absence from school. Immediate family is defined as mother, father, siblings, grandparents, stepparents or legal guardian.
- C. Observing religious holidays, necessitating absence from school.
- D. When mandated by order of governmental agencies (examples: pre-induction physical examination for service in the armed forces or a court order).
- E. Children may be excused from school attendance when prevented from such attendance due to conditions rendering school attendance impossible or hazardous to their health or safety.
- F. A student may be granted an excused absence not to exceed one day in order to register to vote or to vote in a public election.
- G. A student whose parent/guardian is in military service in the armed forces of the United States or the National Guard, and such parent/guardian has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five (5) school days per school year to visit with his/her parent/guardian relative to such leave or deployment of the parent/guardian.
- H. A student who is participating in an official District performing arts program performance shall be granted an excused absence.
- I. A student whose parent or legal guardian is currently serving or previously served on active duty in the armed forces of the United States, in the Reserves of the armed forces of the United States on extended active duty, or in the National Guard on extended active duty may be granted excused absences, up to a maximum of five school days per school year, not to exceed two school years, for the day or days missed from school to attend military affairs sponsored events, provided the student provides documentation prior to absence from a provider of care at or sponsored by a medical facility of the United States Department of Veterans Affairs; or an event sponsored by a corporation exempt from taxation under Section 501(c)(19) of the Internal Revenue Code.

The parent/guardian must write a note to the school explaining the reason for the absence within 3 days of the student's return to school, or the absence will be marked as unexcused.

The District wants to work with you in partnership concerning your child's school attendance and education because poor attendance is associated with low and/or failing grades, deficits in understanding important learning concepts, discipline problems, low self-esteem, and school dropout.

You hold an important key to your child's education by valuing learning and making this apparent to your child. Daily school attendance, unless your child has a legitimate excuse, is a good habit to start. Be sure to review the Truancy section of the student codes of conduct.

If you need additional information or assistance, feel free to contact the social worker at your child's school.

Rights Under The Family Educational Rights And Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. Accessing Student Records:

The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access.

Parents/guardians or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The principal will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected.

2. Amending Student Records:

The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate or misleading.

Parents/guardians or eligible students may ask Cobb County School District (District) to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent/guardian or eligible student, the District will notify the parent/guardian or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. Disclosing Student Records:

The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests.

A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a school or District approved volunteer; a person or company that is under the direct control of the District with respect to the use and maintenance of education records and with whom the District has contracted or who volunteers to perform a service or function for which the District would otherwise use employees (such as an attorney, auditor, medical consultant, therapist, insurance adjuster); or a parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

Upon request, the District discloses educational records without consent to officials of another school in which a student seeks or intends to enroll.

4. Complaint Procedure:

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

5. Directory Information:

The District may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. Directory information is information that is generally not considered harmful or an invasion of privacy if released. Directory information includes a student’s name, address, email addresses, phone number, date and place of birth, grade level, work samples (as included on District blogs, websites and/or videos),; dates of attendance and schools attended, degrees/ honors/awards received, photograph, participation in school activities and sports, weight and height of members of athletic teams,; and student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student’s Social Security Number, in whole or in part, is not considered directory information and cannot be used for this purpose.)

The District may include personally identifiable information in school publications such as a playbill, showing your student’s role in a drama production; the annual yearbook; honor roll or other recognition lists; graduation programs; and sports event publications, such as a football game program. Student work samples may also be included in publications such as those listed above, as well as on District blogs, websites and/or videos. In addition, student work samples may also be displayed as part of public performances including, but not limited to, art shows, curriculum nights, etc.

Directory information may also be released without prior written parental/guardian consent to only the following: law enforcement agencies, State and Federal Child Welfare Agencies, Cobb and Douglas Public Health, Georgia Department of Public Health, Cobb County Public Library System, District Attorney and Solicitor’s Offices, the Professional Standards Commission, PTA and other school support organizations, U.S. Armed Forces recruitment agencies, other State, Federal, and Local governmental agencies, and schools and colleges accredited by Cognia for non-political purposes. District teachers, District schools and the District may also display a student’s name, photograph, schools attended, awards received, participation in school activities and sports, as well as weight and height of members of athletic teams on District school, District classroom or District websites, blogs, or social media sites for the purposes of recognizing student achievement, instructional purposes or informing the community about school events.

The District also records and maintains audio recordings and video or photographic footage and

images (including accompanying audio) of students on school property and at school events in locations including, but not limited to, parking lots, school buses, lunchrooms, classrooms and hallways. Such information is used and maintained for security and other purposes, including yearbooks, video yearbooks, school or District publications, websites, blogs, and social media sites. In many cases, videos contain peripheral video or photographic footage of students engaged in day-to-day activities including, but not limited to, walking to class, riding the school bus, attending to classroom or school activities, eating lunch, participating in club or performance activities, accepting awards and/or engaging in academic activities. Audio recordings of students may also include day-to-day peripheral recordings of noises or voices related to students, including but not limited to, student voices or noises in hallways, classrooms, at public performances, class presentations and/or during class participation.

Peripheral video footage, photographic images, or audio recordings of day-to-day student activities do not include footage of a student or students committing or being involved in a violation of law or District or School Rule, Procedure, or Policy. The District may also determine that other activities do not qualify as peripheral images, footage, or recordings on a case-by-case basis. Peripheral or day-to-day recordings, images or video footage and images (including accompanying audio) of students may be released without prior written parental/guardian consent, subpoena and court order to only the following: law enforcement agencies, State and Federal Child Welfare Agencies, District Attorney and Solicitor's Offices, the Professional Standards Commission, PTA and other school support organizations, U.S. Armed Forces recruitment agencies, and schools and colleges accredited by Cognia for non-political purposes. District teachers, District schools and the District may also post these images or recordings on District school, District classroom or District websites or blogs.

A student or the parent/guardian of a student involved in any prohibited conduct may review a recording of prohibited conduct, which may contain other students' peripheral video or audio information. This review may be allowed without obtaining the consent of the peripheral student(s) or his/her parent(s)/guardian(s). However, if any other students are involved in the recorded prohibited conduct, the footage will be considered education records for the students involved in prohibited conduct, subject to the protections and procedures for release or review under FERPA. (See District Administrative Rule JG(1)-R (Monitoring-Recording Staff and Students) for more information.)

Objection Procedure

Parents/Guardians of students under 18 years of age or a student 18 years of age or older objecting to the release of this information should notify the Principal of their school in writing by August 13, 2022 or within 10 days of enrollment.

Section 504 Procedural Safeguards

1. Overview:

Any student or parent or guardian ("grievant") may request an impartial hearing due to Cobb County School District's (the "school system") actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator may assist the grievant in completing the written Request for Hearing.

2. Hearing Request:

The Request for the Hearing must include the following:

- A. The name of the student.
- B. The address of the residence of the student.
- C. The name of the school the student is attending.
- D. The decision that is the subject of the hearing.
- E. The requested reasons for review.
- F. The proposed remedy sought by the grievant.
- G. The name and contact information of the grievant.

Within 10 business days from receiving the grievant's Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation:

The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary, and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing. Section 504 Procedural Safeguards 25

4. Hearing Procedures:

- A. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant's Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- B. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- C. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
- D. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
- E. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e. A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. §104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
- F. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
- G. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
- H. The hearing shall be closed to the public.
- I. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
- J. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
- K. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
- L. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
- M. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.

5. Decision:

The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney's fees.

6. Review:

If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

The District takes such conduct very seriously.

All students and their parents/guardians are urged to carefully review Administrative Rules JAA-R (Equal Educational Opportunities) and JCAC-R (Harassment Reporting and Investigation). Parents/guardians may provide written suggestions for these local school rules to Office of Policy and Student Support, Cobb County School District, P.O. Box 1088, Marietta, Georgia, 30060. These rules are included in Administrative Rule ICC-R (Curriculum Research) which is available online at www.cobbk12.org or through your school.

Cobb County School District Code of Conduct

JCDA-R Student Code of Conduct

7/1/22

Rationale/Objective:

The Cobb County School District (District) is dedicated to sound discipline practices in the continuing effort to provide students in the District an effective and safe learning environment, to promote learning, and to encourage maturity during the school day as well as during all school-related activities. The District also recognizes concerns for the welfare of students from their entry on a school bus or school property to their return to the bus stop or when they leave school property. Therefore, schools will take appropriate actions in an effort to provide students and staff a safe and orderly environment.

Rule:

The following code provisions apply to offenses that students commit while on school property at any time, engaging in or attending a school-sponsored event, while using the school technology resources, or in the case of cyberbullying and for limited off-campus offenses, whether or not offense or the electronic communication occurred on school property or with school equipment. As used in this Code of Conduct:

A. School property includes, but is not limited to:

1. The land and improvements which constitute the school;
2. Any other property or building, including school bus stops, wherever located, where any school function or activity is conducted;
3. Any bus or other vehicle used in connection with school functions and activities, including but not limited to, school buses, buses leased by the District and privately-owned vehicles used for transportation to and from school activities; and
4. Personal belongings, automobiles or other vehicles which are located on school property.

B. School technology resources includes, but is not limited to:

1. Electronic media systems such as computers, electronic networks, messaging, and Web site publishing; and
2. The associated hardware and software programs used for purposes such as, but not limited to, developing, retrieving, storing, disseminating, and accessing instructional, educational, and administrative information.

Any and all violations of the Code of Conduct will be part of a student's disciplinary record and may be used in a student disciplinary hearing pursuant to the District's progressive discipline process.

The decision to charge a student for violation of this Code of Conduct shall be made by the administration of the school. Degree of discipline shall be based upon a progressive discipline process, with discipline assigned in proportion to the severity of the behavior leading to the discipline, previous discipline history of the student, and other relevant factors. All due process procedures required by federal and state law will be followed. Relevant factors to be considered should include, but not be limited to the age, maturity level, willfulness and intent, and the cognitive ability of the student. If the school administration is uncertain as to the interpretation of the Code of Conduct, they are to contact Student Support or their respective level assistant superintendent.

Suspension of a student from school for not more than ten (10) consecutive days is considered a short-term suspension, not subject to formal rights of hearing or appeal. Although there are no such rights guaranteed by law, parents/guardians may contact the Principal to discuss their child's discipline.

I. General Provisions

A. Progressive Discipline:

School personnel shall utilize progressive discipline processes in order to create the expectation that the degree of discipline will be in proportion to the severity of the behavior. In addition, consideration will be given to each student's previous discipline history and other relevant factors, including repeated offenses, which may include offenses over the course of more than one school year (cumulative offenses). Discipline assigned may increase where students have committed repeated offenses. Infractions in Part II below that are considered cumulative over the course of more than one school year include Paragraphs A, K, L-3, R-6, R-7, R-9, R-10, S, and Category I and Category II Weapons.

B. DISCIPLINE LEVELS:

1. Level 1 Discipline:

- a. Level 1 discipline is used for minor acts of misconduct which interfere with the good order of school.
- b. Following appropriate teacher intervention, students may be referred to an administrator.
- c. Level 1 consequences range from a minimum of an administrative conference to a maximum of five (5) days of In-School Isolation (ISI) for elementary students, or five (5) days of In-School Suspension (ISS) for middle and high school students, and may include restitution.

2. Level 2 Discipline:

- a. Level 2 discipline offenses are intermediate acts of misconduct.
- b. Students should be referred to an administrator.
- c. Level 2 consequences range from a minimum of one (1) day of Out-of-School Suspension (OSS) to a maximum of ten (10) days of Out-of-School Suspension (OSS), and may include restitution.
- d. Repeated violations of any Level 2 offense may result in that violation being considered a Level 3 or higher offense which may result in long-term suspension/expulsion. For Levels 2 through 5 Discipline, students in grades preschool through third must receive a multi-tiered system of supports, such as response to intervention, prior to suspension for more than five

consecutive or cumulative days during a school year. This does not apply to offenses including possession of weapon, illegal drugs or other dangerous instrument, or if student's behavior endangers the physical safety of other students or school personnel.

3. Levels 3, 4, and 5 Discipline:

a. Levels 3, 4, and 5 discipline offenses are serious acts of misconduct including, but not limited to, repeated misbehaviors of a similar nature, serious disruptions of the school environment, threats to health, safety, or property and other acts of serious misconduct.

b. Students must be referred to an administrator. Administrators will notify the appropriate level assistant superintendent, Student Support and the Cobb County School District Police Department (CCSDPD), as well as other law enforcement agencies as deemed appropriate. Consequences range from out-of-school suspension to permanent expulsion. Consequences for middle school and high school students may also include referral to apply to the Alternative Education Program (AEP). All students accepted in the District's AEP will be on contract, which will include behavior and attendance objectives.

c. Any misconduct that threatens the health, safety, or well-being of others may result in immediate suspension of the student from the school and/or school-sponsored activities for up to ten (10) school days, pending disciplinary investigation of the allegations.

d. Middle schools and high schools may recommend that a student be considered eligible to apply to attend the AEP during his/her long-term suspension/expulsion. Upon this recommendation or a decision of the District Hearing Officer/Panel, long-term suspended/expelled students may attend AEP pursuant to a contract. If the student violates the terms of the contract, he/she may forfeit the opportunity to attend the AEP during the remainder of his/her long-term suspension or expulsion, pursuant to the Order of the Hearing Officer/Panel and/or the terms of the contract. The student may appeal his/her dismissal from the AEP to the District administrator for the supervision of the AEP. The student may also receive further discipline, in addition to the reinstatement of his/her long-term suspension or expulsion.

e. Level 3 consequences range from a minimum of ten (10) days of Out-of-School Suspension (OSS) to a maximum of ten (10) days OSS with a recommendation for long-term suspension for the remainder of the current semester.

f. Level 4 consequences include ten (10) days OSS with a recommendation for expulsion for the remainder of the current semester and for one additional semester.

g. Level 5 consequences include ten (10) days OSS with a recommendation for expulsion for the remainder of the current semester and for two additional semesters. Based on the severity of the behavior, student's previous discipline history, and other relevant factors, permanent expulsion may be recommended with approval of the appropriate level assistant superintendent.

C. Removing Disruptive Students from the Classroom:

1. The Superintendent and principals shall, and do, fully support the authority of every teacher in his/her school(s) to remove a disruptive student from his/her class pursuant to O.C.G.A. § 20-2-738. This code applies to a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with students in the class or with the student's classmates' ability to learn where the student's behavior is in violation of the District Student Code of Conduct.

2. The teacher shall follow his/her school's administrative referral guidelines and, when necessary, the procedures outlined in Administrative Rule JDF-R (Teacher Authority to Remove Students from Classroom).

D. Student Enrollment/Conduct Relative to Georgia Driver's Licenses:

The issuance of driver's licenses and permits to minors will be based on student enrollment rather

than school attendance. The Department of Driver Services (DDS) shall not issue an instruction permit or driver's license to a person who is younger than 18 years of age unless, at the time such minor submits an application for an instruction permit or driver's license, the records of the department indicate that said applicant is enrolled in and not under suspension from school. Accordingly, the State Department of Education will forward student enrollment, suspension and expulsion information from the statewide student information system to DDS, which will issue licenses when its records indicate that applicants are enrolled in school and not under suspension or expulsion. Lastly, DDS shall notify such minor of his or her ineligibility for an instruction permit or driver's license at the time of such application. (O.C.G.A. § 40-5-22)

E. Truancy:

When a child is absent, parents, guardians, or other persons who have control of a child enrolled in the District should comply with Administrative Rule JB-R (Student Attendance) and school guidelines to report reasons for absences. Georgia law requires that after any student accrues five (5) days of unexcused absences in a given school year, the parent, guardian, or other person who has control or charge of that child shall be in violation of O.C.G.A. § 20-2-690.1(b). Any child that is subject to compulsory attendance who, during the school calendar year, has more than five (5) days of unexcused absences is considered truant. The law states the following:

“Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who violates this Code section shall be guilty of a misdemeanor and upon conviction thereof, shall be subject to a fine of not less than \$25.00 and not greater than \$100.00, or imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense.”

- Schools will notify parents/guardians when a student has accumulated five (5) unexcused absences.
- Schools will also notify parents/guardians of students 14 years of age and older when the student has accumulated seven (7) unexcused absences during the school year.

F. REPORTING TO LAW ENFORCEMENT:

In addition to discipline of students by the District, student conduct may be reported to appropriate law enforcement authorities. The District encourages parents/guardians to inform their children of the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

G. CHRONIC DISCIPLINARY PROBLEM STUDENTS:

A chronic disciplinary problem student is a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around him or her and which are likely to recur. (see Administrative Rule JCD-R)

II. STUDENT OFFENSES:

A student shall not violate any of the following rules of the Cobb County School District. Pursuant to state requirements, disciplinary levels have been assigned to each offense. These levels correspond to the disciplinary levels detailed above. However, principals or designee working in conjunction with Student Support and their appropriate level assistant superintendent may give greater discipline

in egregious circumstances, as identified on a case-by-case basis by the severity of the behavior, student's previous discipline history, and other relevant factors.

A. ALCOHOL/ILLEGAL DRUGS/INHALANTS:

No student shall possess, consume, store, or be under any degree of influence of alcoholic beverages (including related products such as "near" beer, non-alcoholic beer, and non-alcoholic wine coolers), illegal drugs (including, but not limited to narcotics, hallucinogens, amphetamines, barbiturates, marijuana, cannabis oil, or any other substance listed under the Georgia Controlled Substances Act), or any substance believed by the student to be alcohol or an illegal drug. IDF-R Interscholastic Activities 7/1/20

RATIONALE/OBJECTIVE:

Participation in interscholastic/extracurricular (extracurricular) activities in Cobb County School District (District) schools is a privilege. Students participating in these activities are considered to be school leaders and role models who represent their school and more importantly, depict its character. With leadership comes additional responsibility and student participants must adhere to high standards of conduct. When students violate these standards of conduct, the District may withdraw the privilege of participation in interscholastic/extracurricular activities. The purpose of this code of conduct is to establish a minimum expectation of behavior.

RULE:

A. PROCEDURES:

1. Time in Effect:

Except as specifically provided, the following behavioral expectations and prohibitions apply 365 days a year, 24 hours a day, in and out of the specific extracurricular season, on or off school

grounds, and through the use of school or outside technology resources.

2. Parental/Self Reporting:

Parents/guardians and/or students must report any violation of this rule or the District's Student Code of Conduct to their high school administration or coach within two weeks (14 calendar days) of the violation. The two-week time frame includes weekends, school holidays and summer vacation. Failure to report a violation may result in additional consequences which may include, but is not limited to, doubling of the student's consequences for the behavior in question.

3. Provisions:

- a. Sponsors/Coaches should investigate policy violations and report to the school administration. The Principal or designee should make all determinations of penalties, in consultation with the coaches, sponsors and the District Athletic Director, as appropriate.
- b. Unless otherwise specified, periods of suspension from activities does not include preseason workouts and other preseason activities. Such student's ability to participate in preseason activities will be determined by the Principal or designee in consultation with the coach. During the student's period of suspension, the student cannot have contact with the team during any team activities.
- c. Students cannot attempt to evade the intent of the Rule by joining a new sport specifically to allow their suspension days to run their course. If a student athlete participates in a sport that he/she had not been previously involved with, he/she must complete the season of the new sport in good standing in order for the suspension days to count.
- d. Transferring from one District school to another does not relieve the student from the consequences for a violation of this Rule. Should a student choose to transfer outside of the District, the designated school administrator or the school athletic director will contact the new school to inform them of the violation and the resulting penalty. The District may also honor the activity consequences from other private or public-school systems.

4. Notification:

a. Elementary/Middle Schools:

In addition to providing students with copies of the appropriate Student Code of Conduct (Administrative Rule JCDA-R), elementary and middle schools should make participants in extracurricular activities aware of this Administrative Rule.

b. High Schools:

In addition to providing students with copies of the appropriate Student Code of Conduct (Administrative Rule JCDA-R), each high school should provide written notification of this Administrative Rule to all participants in extracurricular activities.

B. ALCOHOL/ILLEGAL DRUGS/INHALANTS:

The District believes very strongly that use, possession, selling or buying over the counter drugs or products to get high; alcohol; illegal drugs; or prescription drugs in an unauthorized manner at any time is an offense. Such use, possession or distribution by extracurricular participants is banned. All misdemeanor driving under the influence (DUI) offenses will be dealt with according to this section. All felony DUI offenses will be dealt with under Section D, below. Offenses are cumulative at the high school level.

• 1st Offense:

- Suspension from extracurricular activities, including practice and regular/post season, for a minimum twenty-five (25) calendar days; plus
- Suspension from regular/post season contests to equal a minimum of 30% of the number of regular season contests/performances; plus
- Student must complete the GRIP (Gaining Results in Intervention and Prevention Program)

which consists of one four-hour Saturday session attended by the student and the parent, or another comparable program. If the student cannot attend the program until after the suspension is lifted, they must still attend the program in order to be eligible to compete in their next extracurricular/athletic season. Failure to attend or complete the program as required may result in continued extracurricular/athletic ineligibility beyond the initial suspension.

- If offense is during the off season, the first offense suspension will begin on the GHSA start date for the next season with which the recognized athlete is affiliated.
- If the student has not completed his suspension at the end of the season, the remaining days will be completed at the beginning of the next affiliated GHSA activity.
- 2nd Offense:
 - Suspension from extracurricular activities for a minimum of one calendar year. The student will not be permitted to participate in preseason activities or practice.
- 3rd Offense:
 - Permanent suspension from extracurricular activities, including preseason activities and practices.

C. TOBACCO [IN-SEASON USE]:

Student possession or use of tobacco, or tobacco product substitutes (e.g., tobacco look-alikes), cigarette look-alikes (e.g., electronic cigarettes), hookahs and hookah lookalikes (e.g. electronic hookahs), vaping devices, or vaping cartridges is prohibited.

- 1st Offense:
 - Suspension from all extracurricular activities for two (2) school days/
- 2nd Offense:
 - Suspension from all extracurricular activities for five (5) school days and must sit out 10% of games/matches/performances/competitions.
- 3rd Offense:
 - Suspension from all extracurricular activities for ten (10) school days and must sit out 20% of games/matches/performances/competitions.
- 4th Offense and Subsequent Offense:
 - Suspension from all extracurricular activities for ninety (90) calendar days.

D. FELONY:

1. Guidelines:
 - a. A student who is arrested for, indicted for, convicted of, or charged with a felony or act that would constitute a felony if committed by an adult shall be automatically suspended from interscholastic/extracurricular activities;
 - b. Students will not be permitted to participate in preseason activities;
 - c. DUI:
 - All felony DUI offenses will be dealt with according to this section.
2. Duration:
 - a. The student shall remain suspended from extracurricular activities until:
 - (1) The charges are completely dismissed;
 - (2) The charges are reduced to a misdemeanor in which case the student may be subject to penalties outlined in Section E, below, or Section B, for alcohol offenses;
 - (3) The student is found not guilty; or
 - (4) The student serves his/her consequences as outlined below.
 - b. Once the student successfully completes the consequences assigned by the judge

or agreed to by the student, including probation or diversion, the student may be permitted to participate in extracurricular activities. Evidence that the probation period has expired, fines have been paid and/or community service has been completed is required.

- c. If a student has been arrested or charged with an offense, but the matter has been expunged, sealed, removed from a student's record, treated as a "first offender" action, or the behavior has not been prosecuted (*nolle prosequi*), that student may present or obtain documentation as required by the school to determine the circumstances of the matter and appropriate eligibility consequences, as determined at the discretion of school administration. Such incidents will be reviewed on an individualized basis and a legal determination in the matter may not be sufficient to change the student's consequences.

E. MISDEMEANORS:

1. A student who is arrested for, charged with, or found guilty of a misdemeanor shall receive consequences as outlined below. However, minor offenses that result in fines alone may be dealt with as a violation of Section G.7. below.
 - 1st and Subsequent Offenses:
 - Minimum suspension from extracurricular activities for one (1) school day up to a maximum of permanent suspension from extracurricular activities.

2. Drug/Alcohol/DUI:

Any student who is accused of a misdemeanor alcohol/drug offense or a misdemeanor DUI will receive consequences as outlined in Section B above.

3. If the student produces proof that the charges are completely dismissed or the student is found not guilty, these consequences may be lifted. If a student has been arrested or charged with an offense, but the matter has been expunged, sealed, removed from a student's record, treated as a "first offender" action, or the behavior has not been prosecuted (*nolle prosequi*), that student may present or obtain documentation as required by the school to determine the circumstances of the matter and appropriate eligibility consequences, as determined at the discretion of school administration. Such incidents will be reviewed on an individualized basis and a legal determination in the matter may not be sufficient to change the student's consequences.

F. PARENTAL/SELF REPORTING OF LAW ENFORCEMENT:

Parents/guardians and/or students must report any charges against or arrest of a student or student behavior in which law enforcement is involved, to their high school administration or coach within two weeks (14 calendar days) of the arrest or behavior. The two-week time frame includes weekends, school holidays and summer vacation. Failure to report arrest, charges or behavior may result in additional consequences which may include, but is not limited to, doubling of the student's consequences for the behavior in question.

G. OTHER OFFENSES:

A student who commits the following offenses may be suspended or permanently dismissed from the team or activity. The head coach in conjunction with the school administration will determine consequences for the following:

1. Hazing:

School clubs and student organizations shall not use hazing or degradation of individual dignity (Administrative Rule JHC-R [School Clubs/Organizations and Student Organizations]);

2. Missing practice, rehearsal or activities (unless excused by the coach, teacher, or sponsor);
3. Truancy and/or skipping classes;
4. Acting in an unsportsmanlike manner when representing the school;
5. Violating curfew as established by the coach;
6. Any act at school or away from school, which results in any discipline by school administration; or
7. Any act at school or away from school which, in the opinion of the Principal reflects in a negative manner on the school, athletic program, or activity.
