The Technology Student Association (commonly known as TSA) is a national organization with over 250,000 secondary students that seek opportunities to extend their learning in the vast technology industry. TSA allows students interested in all thing’s tech to network, compete and lead.

The award-winning Campbell Middle School chapter of TSA was formed in August 2017 and officially became nationally affiliated in Fall 2018. Membership is limited to 10 members with new members added annually. There are chapter dues for this organization. The dues are $25 and include the following:

1. Membership and all its benefits with Technology Student Association national organization.
2. Team T-Shirt for technology competitions.
3. Snacks that are provided at each meeting.
   * We pay our competition fees with fundraising funds.

We on designated afternoons from 4:30pm – 5:30pm unless otherwise stated. All meetings take place in Dr. Glenn’s room, 613.

Please note: There will be an interest meeting held in August. During this meeting we will discuss additional information as well as pass out applications. Spots fill fast and are competitive. We always have a waiting list. Please make sure you get your application turned in as soon as the deadline is set.

If you have any questions please do not hesitate to contact Campbell Middle School chapter advisor, Dr. Michael J. Glenn michael.glenn@cobbk12.org
