

CTLS Remote Learning Technical Requirements

The Cobb Teaching & Learning System (CTLS) is fully web-based and runs on both Mac and Windows-based laptops, personal computers, as well as a variety of tablets and mobile devices (iOS or Android) with Internet access. CTLS is supported by the following browsers:

- Google Chrome (Version 79 and higher) – *recommended browser*
- Microsoft Edge (Version 84 and higher)
- Apple Safari (Latest version)

The latest version of each browser and operating system is strongly recommended. Older browser and operating system combinations may continue to operate properly but are not supported or tested.

Students should have access to speakers or headphones, a microphone, and a web camera to enable participation in live learning sessions.

CTLS Learn live sessions incorporate Zoom™ technology. Please see the following two web pages for additional technical information:

Zoom on Desktop/Laptop: <https://support.zoom.us/hc/en-us/articles/201362023-System-requirements-for-Windows-macOS-and-Linux>

Zoom on Mobile: <https://support.zoom.us/hc/en-us/articles/201179966>

Download the latest versions of the browsers listed above:

Chrome: <https://www.google.com/chrome/>

Microsoft Edge: <https://www.microsoft.com/en-us/edge>

Apple Safari: <https://support.apple.com/downloads/safari>
