WebQuery

Welcome to Edulog's WebQuery

WebQuery helps you determine the schools a student is eligible to attend and the available bus stops. WebQuery also provides a helpful street map. Just enter the student's information and click "Go."

**The first AM/PM bus stop listed is your assigned stop.** Any second AM/PM stop listed shown is to service any second loads or gender/grade specific stop should it apply

WebQuery helps you match your typed in address with an address in the database by allowing you to enter a partial street name. For example, you could enter "2555 Lex" to match "2555 Lexington Ave N"
