Recent Assignment/Discussion Activity Widget | Student View

**Purpose:**
The Recent Assignment/Discussion Activity widget gives students a record of their own activities and assignments that they are working on, or have been submitted.

**Navigation**
1. Access desired Digital Classroom by clicking *My Classes* from Left Navigation and selecting which class to enter. The Recent Assignment/Discussion Activity widget will appear if enabled by the instructor.

2. Users can click into any of the assignments or discussions to be taken to that assignment.

*Please note:* Students are not able to update their own classroom widgets.
