How Students Read a Digital Classroom Announcement on an I-Pad

Note: How you hold your iPad determines what you see.

Horizontal  Vertical

1. When your iPad is in the horizontal view, the announcements will appear under the instructors on the left column. You may need to scroll down the page to see them.

2. When your iPad is in the vertical view, two tabs will appear: Announcements and Class Board. Tap on either tab to get the full view of that area.
