

Course Description:

The Level II French course focuses on the continued development of communicative competence in the target language and understanding of the culture(s) of the people who speak the language. It assumes that the students have successfully completed a Level I course or are at a Novice-Mid level of proficiency. Students begin to show a greater level of accuracy when using basic language structures, and they are exposed to more complex features of the language. They continue to focus on communicating about their immediate world and daily life activities, read material on familiar topics, and write short, directed compositions. An important component of language classes is the use of the language beyond the classroom in the real world. The integration of technology is an important tool in accessing authentic information in the target language and in providing students the opportunity to interact with native speakers. By the end of Level II, students will exhibit Novice-Mid level proficiency in speaking and writing and Novice-High level proficiency in listening and reading (ACTFL Proficiency Guidelines, 1999).

Tips For Success:

To achieve success, students are expected to submit work in each course weekly. Students can learn at their own pace; however, “any pace” still means that students must make progress in the course every week. To measure learning, students complete self-checks, practice lessons, multiple choice questions, projects, discussion-based assessments, and discussions. Students are expected to maintain regular contact with teachers; the minimum requirement is monthly. When teachers, students, and parents work together, students are successful.

Grading:

Grades for the course are calculated based on category percentages as follows:

Course Specific Information

- Pay special attention to the tips for online language learning that the first lesson provides.

- The Introduction to Online Language Learning provides step by step instructions for how to use the Speech Practice Tool within the course. Pay special attention to the instructions about browser compatibility and device microphone settings.
- You will need to learn and use keyboard codes (shortcuts) for special symbols and characters in the French alphabet. These are linked for you in the Class Information link of your Blackboard course. It may help to download and print them to post in the area where you complete your assignments for this course.
