

DA Fiscal Management Goals and Objectives

6/28/12

The Cobb County Board of Education (Board) recognizes that effective, efficient fiscal management and strategic and equitable allocation of all resources available to the Cobb County School District (District) are required to maximize the academic achievement of every student in the District.

A. ROLE OF THE BOARD OF EDUCATION:

As trustee of local, state and federal funds allocated for use in public education, the Board will be vigilant in fulfilling its responsibility to see that these funds are allocated in ways that maximize the academic achievement of every student in the District.

The Board's fiscal operations and management will ensure that education remains central and that fiscal matters are ancillary and contribute to the educational program.

B. DISTRICT FISCAL MANAGEMENT GOALS:

In the District's fiscal management, the Board seeks to achieve the following goals:

1. To engage in thorough advance planning and forecasting, with broad-based staff and community involvement, in order to develop budgets and guide expenditures so as to maximize the academic achievement for the allocated resources;
2. To establish levels of funding which will provide high quality education for the District's students;
3. To use the best available techniques for budget development and management;
4. To provide timely and appropriate information to all staff with fiscal management responsibilities; and
5. To establish high quality procedures for accounting, reporting, business, purchasing and delivery, payroll, payment of vendors and contractors, and all other areas of fiscal management responsible for the efficient management and use of resources.
