What is a School-Parent Compact?

A School-Parent Compact is an agreement that parents, students, and teachers, develop together. It explains how parents and teachers will work together to make sure all of our students succeed. This compact includes strategies to help connect learning at school to learning at home.

Jointly Developed

The parents, students, and staff of City View Elementary School worked together and shared ideas to develop the school-parent compact for achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Parents are encouraged to participate in the annual review process of the compact and make changes based on students' needs. Parents are welcome to contribute comments at any time. Please contact Mayra Figueroa at 770-819-2553 or mayra.figueroa@cobbk12.org to provide feedback.

District Goals for Student Achievement

- Increase student performance in all core content areas by 2% annually as measured by achievement data.
- CCSD will increase the participation rate of families and communities engaging in services/programs by 10% as measured by CLTS Parent data, survey results & web view module.
- By 2023, we will reorganize the professional learning framework to meet the needs of all students to ensure alignment with the superintendent priorities as measured by professional learning opportunities, surveys, and student achievement.
- By the end of the 2025 school year, every school will have identified practices and resources that support student success as measured by student achievement, perception and discipline data.

City View Elementary School's Goal(s) for Student Achievement

- Our goal is to engage families in meaningful partnerships focused on students' learning and achievement.
- Grade 3-5 will focus on developing decoding and reading comprehension skills.

Teachers, Parents, and Students-Together for Success

City View Teachers

Provide families with paper and web resources for student use to improve reading comprehension and support. Provide access to Tumble Premium for each student to practice reading strategies.

Provide families with math resources, manipulatives, and web resources to support math proficiency. Provide access to Dreambox for each student.

Offer Title 1 and virtual events. City View Academic Parent Teacher Teams, Data Nights, Parent workshops that concentrate on strategies to increase academic achievement.

City View Families

Parents/Families will ensure daily independent reading practice and ensure their child logs into Tumble Premium weekly to improve reading comprehension.

Families will use math resources and manipulatives provided when helping students with math problem-solving and ensuring students log in weekly to Dreambox.

Will attend at least 1 Title I virtual or face to face event per school year, watch a webinar, or get information from the parent engagement coach, academic coach, or their child's teacher.

City View Students

The students will log into Tumble Premium weekly and use self-monitoring strategies with the support of the family to increase reading comprehension skills.

The students will share examples of math strategies learned in class with parents and log into Dreambox for independent math practice.

The students will bring home class newsletters and notices about school events and practice with family strategies and activities learned at the event that will increase academic achievement.

One Team, One Goal, Student Success!
