

Kennesaw Mountain High School

Dear Parents,

In compliance with the Federal Elementary and Secondary Education Act (ESEA) and Georgia HB244, students in high school will be assessed with End of Course (EOC) assessments in the following courses: Algebra I, American Literature, Biology or US History. These assessments will count 20% of the student's final grade for these courses.

The purpose of these assessments is to measure how well students have mastered the state-adopted content standards. The majority of each assessment will still include selected response items (multiple choice); however, constructed response and extended response questions will be included in the English Language Arts sections.

Cobb County teachers and students have been working all year to ensure that students are prepared to take these grade level assessments. Preparations have included teaching students to answer more complex questions and to provide supporting evidence.

Students will take these assessments following the schedule below. Please ensure that your student arrives on time to school during the administration window.
