What is a School-Parent Compact?

A School-Parent Compact is an agreement that parents, students, and teachers, develop together. It explains how parents and teachers will work together to make sure all of our students succeed. This compact includes strategies to help connect learning at school to learning at home.

Jointly Developed

The parents, students, and staff of South Cobb worked together and shared ideas to develop the school-parent compact for achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Parents are encouraged to participate in the annual review process of the compact and make changes based on students' needs. Parents are welcome to contribute comments at any time. Please contact Sarah Klegin at 770-819-2611 ext. 053 or sarah.klegin@cobbk12.org to provide feedback.

District Goals for Student Achievement

- Increase student performance in all core content areas by 2% annually as measured by achievement data.
- CCSD will increase the participation rate of families and communities engaging in services/programs by 10% as measured by CLTS Parent data, survey results & web view module.
- By 2023, we will reorganize the professional learning framework to meet the needs of all students to ensure alignment with the superintendent priorities as measured by professional learning opportunities, surveys, and student achievement.
- By the end of the 2025 school year, every school will have identified practices and resources that support student success as measured by student achievement, perception and discipline data.

South Cobb's Goal(s) for Student Achievement

- By May 2023 increase school performance on End of Course assessments in Algebra I, American Literature, Biology and U.S. History by 5% proficiency (Level III and IV) given over the 2022-2023 school year.
- To increase School Climate star rating from a level 3 to level 4 on the CCRPI by the end of the 2023 academic year.
- To Increase the percentage of students reading at or above grade level from 50% to 60% as measured by the Reading Inventory Assessment by May 2023.
