

How Parents Can Use Classroom Access Mode for CTLS Learn

Parents can look at their student's work in CTLS Learn by opening a link from CTLS Parent. This will be in "impersonation mode" meaning the parent can view, but not make any changes.

Using a Website Browser

1. From **Home**, select your child in the left sidebar.

2. Click **CTLS Learn** under Important Links on the right.

3. You will see your child's class information in "impersonation mode" – you can view but not make any changes.

Using the Mobile App

1. From home, tap the **three bars** at top left.

Parents can view their student's digital classrooms in CTLS Learn by opening a link from CTLS Parent. This will be in "classroom access mode" meaning the parent can view, but cannot take any assessments, submit assignments, or participate in classrooms discussions.

2. Select **Students** in the left column, and select **a student** to see their individual information.

- 3. Tap **Dashboard** in the middle menu.
- 4. Select CTLS Learn.
