HOW TO APPLY FOR A STUDENT TRANSFER

CHILDREN NEW TO COBB
If your child will be new to Cobb, you will need to request a transfer through the district’s Online Registration (OLR) system.

If you have no other children currently enrolled in Cobb, you will need to access OLR directly. Click HERE for more information regarding enrollment and a link to the OLR system.

As you proceed through the registration process, you will have an opportunity to request a student transfer. When you enter information regarding the start date and enrolling grade level, you will have access to a link to request a transfer.

Request a Student Transfer?

NOTE: Once you have requested a transfer through OLR the system will not allow you to submit your registration. This is done to prevent an enrollment from being created at both the locally zoned school and the transfer school. Once the transfer process is completed you will receive additional information on submitting your online registration.

CHILDREN ALREADY ENROLLED IN COBB
If your child is currently attending a Cobb school and you wish to apply for a student transfer, you can access the application through ParentVUE.
