

# Mu Alpha Theta

## When do we meet?

We do not have a set frequency for meetings; however, we meet occasionally to discuss upcoming events, point opportunities, and other important information.

## Sponsors:

Dr. Doriney  
Coach Bonanni

## What is it?

Mu Alpha Theta is the National High School and Two-Year College Mathematics Honor Society that has active chapters in more than 2,100 schools. Mu Alpha Theta aims to inspire keen interest in mathematics, develop strong scholarship in the subject, and promote the enjoyment of mathematics in high school and two-year college students. To be in Mu Alpha Theta you must complete an application, have a GPA of 3.7 or higher, and have completed at least two courses of college preparatory math. In addition, you must not be on academic or disciplinary probation. We engage in several activities including Pi Day, competitions, Trunk or Treat, tutoring, and more. Join to make new friends, improve your math skills, compete and challenge yourself, look great on college applications, receive cords at graduations, and to be exposed to scholarships allocated for Mu Alpha Theta members.
