

# Rising 6th Grade Summer Math Review

This summer review is provided as an opportunity for your child to practice math skills learned last school year prior to beginning his/her 6th grade year.

This review is not mandatory, but it is always good for kids to continue previously learned skills over the summer to keep them current as they prepare for the next level.

This online review will be available until August 1. It can be completed over multiple sessions. Progress is saved.

Please follow the directions below to access the Rising 6th Grade Summer Review.

- Go to [DeltaMath.com](https://www.deltamath.com).
- Create a student account using your CCSD student email address.
- Join the class using the code: **7 N 8 K – 4 7 S X**
- Once you join the class, you will see the Rising 6th Grade Review.

Email [Kristine.albertson@cobbk12.org](mailto:Kristine.albertson@cobbk12.org) if you have any trouble.
