What is a School-Parent Compact?

A School-Parent Compact is an agreement that parents, students, and teachers, develop together. It explains how parents and teachers will work together to make sure all of our students succeed. This compact includes strategies to help connect learning at school to learning at home.

Jointly Developed

The parents, students, and staff of Sanders Elementary School worked together and shared ideas to develop the school-parent compact for achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Parents are encouraged to participate in the annual review process of the compact and make changes based on students' needs. Parents are welcome to contribute comments at any time. Please contact Dea Works at 770-819-2568 or dea.works@cobbk12.org to provide feedback.

Sanders Elementary School's Activities to Build Partnerships

District Goals for Student Achievement

- Increase student performance in all core content areas by 2% annually as measured by achievement data.
- CCSD will increase the participation rate of families and communities engaging in services/programs by 10% as measured by CLTS Parent data, survey results & web view module.
- By 2023, we will reorganize the professional learning framework to meet the needs of all students to ensure alignment with the superintendent priorities as measured by professional learning opportunities, surveys, and student achievement.
- By the end of the 2025 school year, every school will have identified practices and resources that support student success as measured by student achievement, perception and discipline data.

Sanders Elementary School's Goal(s) for Student Achievement

The percentage of students performing at Proficient and/or Advanced levels in reading as measured by the Universal Screener, Reading Inventory, will increase from 55% to 70% by May 2023.

The percentage of students performing at Proficient and/or Advanced level in Math as measured by the Universal Screener, Math Inventory, will increase from 39% to 50% by May 2023.

The percentage of 5th-grade students at Sanders Elementary scoring within the range of proficient or distinguished on Milestones Science EOG will increase from 25% to 35% by May 2023.

Teachers, Parents, and Students-Together for Success

Sanders Teachers

Sanders teachers in grades 3-5 will work with students and their families to improve student success in Reading, Math and behavior (PBIS).

Teachers will use CTLS to communicate with families about their student and provide families with at home access to Istation Reading and Math.

Teachers will offer free Family Engagement Nights with real world, hands on activities that support student learning and new virtual workshops.

Teachers will provide families with suggestions on how to choose just right books for their child to help meet their independent reading goals.

Teachers will provide families resources through CTLS to support learning and build a solid foundation in reading and math.

Sanders Families

Sanders Elementary parents will help to develop ideas about how families can support students' success in Reading, Math, and behaviors.

Families will use CTLS to communicate with teachers about their student and access Istation Reading and Math at home to provide their child support on their individualized learning path & build proficiency in reading and math.

Families will plan to attend Family Engagement Nights to support my child with real-world hands-on activities that support their learning.

Families will take suggestions and resources on how to select just right books for their children.

Families will utilize resources through CTLS to help their child practice acquiring new vocabulary to support reading development and that use of math manipulatives to strengthen math understandings.

Sanders Students

Sanders Elementary students join staff and parents to develop ideas about how they can succeed in school and reach for the stars in all academic areas.

Students will will use CTLS to communicate with their parents and teachers and utilize Istation Reading & CLEVER at home to practice skills on my individualized learning path and meet my usage requirements.

Students will participate in Family Engagement Nights to apply my skills to real world hands-on learning activities.

Students will read books at home every night that are just right for me and practice my reading strategies.

Students will utilize resources provided through CTLS to practice acquiring new vocabulary to support reading development and that use of math manipulatives to strengthen math understandings.

One Team, One Goal, Sanders Success!
