## What is a School-Parent Compact?

*A School-Parent Compact is an agreement that parents, students, and teachers, develop together. It explains how parents and teachers will work together to make sure all of our students succeed. This compact includes strategies to help connect learning at school to learning at home.*

## Jointly Developed

The parents, students, and staff of Sanders Elementary School worked together and shared ideas to develop the school-parent compact for achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Parents are encouraged to participate in the annual review process of the compact and make changes based on students' needs. Parents are welcome to contribute comments at any time. Please contact Dea Works at 770-819-2568 or [dea.works@cobbk12.org](mailto:dea.works@cobbk12.org) to provide feedback.

## Sanders Elementary School's Activities to Build Partnerships

## District Goals for Student Achievement

- Increase student performance in all core content areas by 2% annually as measured by achievement data.
- CCSD will increase the participation rate of families and communities engaging in services/programs by 10% as measured by CLTS Parent data, survey results & web view module.
- By 2023, we will reorganize the professional learning framework to meet the needs of all students to ensure alignment with the superintendent priorities as measured by professional learning opportunities, surveys, and student achievement.
- By the end of the 2025 school year, every school will have identified practices and resources that support student success as measured by student achievement, perception and discipline data.

### Sanders Elementary School's Goal(s) for Student Achievement

The percentage of students performing at Proficient and/or Advanced levels in reading as measured by the Universal Screener, Reading Inventory, will increase from 55% to 70% by May 2023. Focus skill: sight words and fluency.

The percentage of students performing at Proficient and/or Advanced level in Math as measured by the Universal Screener, Math Inventory, will increase from 39% to 50% by May 2023.

# Teachers, Parents, and Students-Together for Success

## Sanders Teachers

*Teachers in grades K-2 will work with students and their families to improve student success in Reading and Math. The focus of our key connections with families will be:*

Teachers will provide families with at home access to Istation Reading and Math.

Teachers will offer free Family Engagement Nights with real world, hands on activities that support student learning in math and science.

Teachers will use CTLS to communicate with families about their student.

Teachers will provide families with resources through CTLS to support the Early Literacy Framework to build solid foundational literacy skills at home with their child.

## Sanders Families

*Sanders Elementary parents joined staff to develop ideas about how families can support students' success in Reading and Math. Families responsibilities include:*

Families will access Istation Reading and Math at home to provide their child support on their individualized learning path & build proficiency in reading and math.

Families will plan to attend Family Engagement Nights to support my child with real world hands-on activities that support their learning in math and science.

Families will use CTLS to communicate with the teachers.

Families will utilize resources through CTLS to practice phonemic awareness skills, sight words and spelling with my child to build early literacy foundational skills

## Sanders Students

*Sanders Elementary students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in all academic areas. Student responsibilities include:*

Students will utilize Istation Reading & Math at home to practice skills on my individualized learning path and meet my usage requirements.

Students will participate in Family Engagement Nights to apply my skills to real world hands-on learning activities in math and science.

Students will utilize CTLS to communicate with parents and teachers.

Students will utilize resources provided through CTLS to practice phonemic awareness, sight words & spelling skills to build early literacy foundational skills.

***One Team, One Goal, Sanders Success!***
