## High School Graduation Requirements

The State Board of Education offers one common set of requirements for all students to earn a regular diploma. In order to receive a diploma, students must satisfy these requirements.

| Subjects | Georgia High School Diploma |
| :---: | :---: |
| English | 4 Units Including: <br> 1 Unit $9^{\text {th }}$ Grade Literature/Composition <br> 1 Unit American Literature/Composition <br> 1 Unit World Lit ( $10^{\text {th }}$ ) <br> 1 Unit Brit Lit. or Multi. Lit ( $12^{\text {th }}$ ) |
| Mathematics | 4 Units Including: <br> 1 Unit GSE Algebra 1 or GSE Accelerated Algebra 1/Geometry A <br> 1 Unit GSE Geometry or GSE Accelerated Geometry B/Algebra 2 <br> 1 Unit GSE Algebra 2 or GSE Accelerated Pre-Calculus additional math unit |
| Science | 4 Units Including: <br> 1 Unit Biology <br> 1 Unit Chemistry or Environmental Science <br> 1 Unit Physics <br> 1 additional science unit |
| Social Studies | 3 Units including: <br> 1 Unit World History <br> 1 Unit United States History $1 / 2$ Unit American Government/Civics $1 / 2$ Unit Economics |
| CTAE (Choose a Pathway) <br> World Language <br> Fine Arts | 3 Units from any of these areas <br> Though there is no foreign language requirement for the Georgia High School diploma, students planning to enroll in ANY post-secondary institution are strongly encouraged to earn two units of credit in the same modern language/Latin. <br> NOTE: Students planning to enter or transfer into a University System of Georgia institution MUST take two units of the same modern language. NOTE: Some out-of-state universities require a fine arts credit (Univ. of S. Carolina \& Univ. of Tenn.) while others require both a fine arts credit and a computer/technology credit (Ole Miss \& Miss State). It is the student's responsibility to check college entrance requirements for the institution he or she plans to attend. |
| Health and Physical Education | 1 Unit Including: <br> $1 / 2$ Unit Health <br> $1 / 2$ Unit Personal Fitness |
| General Electives | 4 Units |
| TOTAL UNITS MINIMUM | 23 Units |

*Completion of diploma requirements does not necessarily qualify students for the HOPE Scholarship Program.

## Special Education

Students receiving services through the special education department have had an Individualized Education Plan (IEP) developed to meet their educational needs. Each student should complete his or her registration form with the help of his or her IEP team (parent, case manager, special education lead teacher, and regular education teacher) to ensure that requirements in the IEP are met.

French I(Y) is an introduction to the language and culture of France and other French-speaking countries. The course will enable students to attain a beginner's level of proficiency in listening, speaking, reading, and writing, with an emphasis on oral proficiency.

French II (Y) is designed to further develop listening, speaking, reading and writing with an emphasis on oral proficiency. The student will acquire a basic command of key vocabulary/grammatical structures necessary for limited personal communication and an appreciation of diversity in the French-speaking world.

| Honors French III (Y) is designed to further develop a student's <br> communication skills and cultural appreciation of the French-speaking world. <br> The student will be able to participate in a variety of oral and written <br> activities. | 60.0130003 | French II |
| :--- | :--- | :---: |
| Spanish I (Y) is an introduction to the language and culture of Spain and <br> other Spanish-speaking countries. The course will enable students to attain a <br> beginner's level of proficiency in listening, speaking, reading, and writing, <br> with an emphasis on oral proficiency. | 60.0710011 | None |
| Spanish II (Y) is designed to further develop listening, speaking, reading <br> and writing with an emphasis on oral proficiency. The student will acquire a <br> basic command of key vocabulary/grammatical structures necessary for <br> limited personal communication and an appreciation of diversity in the | 60.0720011 | Spanish I |
| Spanish-speaking world. | 60.0730003 | Spanish II or <br> Honors Span <br> II |
| Honors Spanish III (Y) is designed to further develop a student's <br> communication skills and cultural appreciation of the Spanish-speaking <br> world. The student will be able to participate in a variety of oral and written <br> activities. | 601 |  |

Course Name/Description
Course Number
Prerequisite

| Visual Arts: Comprehensive (Y) <br> introduces art history, criticism, aesthetic judgment \& studio production to <br> the beginning art student. Emphasizes the ability to understand \& use the <br> elements of art \& principles of design through a variety of media processes <br> both 2-D and 3-D. A chronological study of the history of art and criticism <br> accompanies the studio experiences. | 50.0211099 | None |
| :--- | :--- | :---: |
| Drawing \& Painting I (Y) <br>  <br> painting media. Emphasizes development of drawing \& painting skills and <br> utilizes problem solving skills to achieve desired results. | 50.0313099 | Visual Art: <br> Comp |
| Drawing \& Painting II (Y) <br> introduces advanced drawing \& painting techniques and focuses on individual <br> expression. Problem solving skills are challenged to achieve mastery of <br> techniques and materials. | 50.0314099 | Draw/Paint I |
| Photography I (Y) <br> introduces photography as an art form and covers the historical development <br> of photography and photographic design. A formal photographic critiquing <br> method will be taught and used in evaluating works of others \& self. <br> Introduces enlarging negatives and stresses composing and processing <br> techniques using a a mmm camera \& pinhole camera. The safe use of <br> photographic materials and equipment is stressed. | 50.0711099 | Draw/Paint I |
| Photography II (Y) <br> enhances skills acquired in the level 1 class and provides opportunities to <br> apply more complex photographic processes. Explores alternative, <br> experimental developing chemicals \& processes. Stresses personal <br> expression of ideas and depth of exploration in selected photo techniques. <br> The exploration of the history and development of photography continues. | 50.0712099 | Photography I |
|  |  |  |

## Course Name/Description

Intermediate Band is a performance class for instrumentalists that have previous experience. Students should be able to read music and have an understanding of individuals and ensemble performance skills.

Advanced Band I \& II are band performance classes for instrumentalist that have a solid training in performance fundamentals. Students will depend on their understanding of individual and ensemble performance skills through the performance of advanced literature.

Intermediate Instrumental Ensemble I \& II (Percussion
Class) student musicians will learn the basic percussion techniques allowing them to play alone and with others. This class will also reinforce the fundamental rudiments as well as basic mallet skills working matriculating to the 12 major scales and reading complex rhythms.

Men's Chorus I \& II provides opportunities for male performers to increase performance skills and knowledge in all male choral singing. Covers performance and production, analysis and theoretical studies, historical and cultural contributions and influences, creative aspects of music and appreciation of music.

Women's Chorus I \& II provides opportunities for female performers to increase performance skills and knowledge in all female choral singing. Covers performance and production, analysis and theoretical studies, historical and cultural contributions and influences, creative aspects of music and appreciation of music.

Intermediate Women's Chorus I \& II requires NO audition. It is a female singing group to learn and perform higher-level music for various events and concerts.

|  | 54.0252099 | Only |
| :--- | :---: | :---: |
| Orchestra are the entry level orchestra performance classes that focus on <br> the basic fundamentals of tone production, music reading, and performance. <br> The classes focus on the technical development of the string instrument and <br> on the development of the combined ensemble. Students are placed in the <br> appropriate level orchestra by audition. | Levels include: <br>  <br> Advanced | Intermediate: <br> $\mathbf{9}^{\text {th }}$ Only |
| Introduction to Music Theory is designed to familiarize students with <br> the language of MIDI and the uses of computers in the music profession. The <br> hands-on course will cover the basic skills in music notation, MIDI <br> sequencing and recording, and electronic keyboards, as well as music <br> software and digital media. | 53.0221099 | None |

Course Name/Description

| Theatre Fundamentals I (Y) serves as prerequisite for other <br> theatre/drama courses. Develops and applies performance skills through <br> basic vocal, physical and emotional exercises; includes improvisation and <br> scene study and related technical art forms. | 52.0210099 | None |
| :--- | :---: | :---: |
| Theatre Fundamentals II (Y) This course builds upon the skills <br> students learn in Fundamentals I. It prepares student for the Acting courses <br> and Musical Theatre. | 52.0220099 | Fundamentals |
| Theatre |  |  |
| Acting 1 (Y) introduces or enhances advanced acting process. Stresses <br> developing imagination, observation, concentration powers and self- <br> discipline. Includes developing physical and vocal control while <br> transmitting emotions, conviction and ideas; enhances self-confidence and <br> self-awareness. Focuses on scene study. | 52.0610099 | Fundamentals I |
| and II |  |  |

## Career and Technical Education

The Georgia Department of Education has restructured the state's current Career, Technical, \& Agricultural Education (CTAE) program into 17 Career Cluster Pathways that are modeled after the National Career Clusters configuration utilized by most of the United States. The 17 Career Cluster/Pathways encompass both secondary and postsecondary education and will strengthen and improve student transition from secondary to postsecondary education.

## College and Career Pathways

The GA Dept of Education recommends that every student complete a college and/or career pathway. Some students will complete more than one pathway. Pathways can be Advanced Academic, World Language, Fine Arts, or CTAE. More information on pathways can be found at http://www.gadoe.org/Curriculum-Instruction-and-Assessment/CTAE/Pages/pathways.aspx

Advanced Academic Pathway: An Advanced Academic Pathway is followed in any core content area: English, mathematics, science, or social studies. Students complete an Advanced Academic Pathway when they have completed the required courses for graduation and one of the courses is either AP or dual enrollment. Additionally, students must earn credit in two (2) sequential courses in one world language.

World Language Pathway: Students complete a World Language Pathway when they have completed three sequential courses in one world language.

Fine Arts Pathway: Students complete a Fine Arts Pathway when they have completed three sequential courses in Visual Arts, Theater Arts, Band, Chorus, Orchestra, or Journalism.

CTAE Pathway: Students complete a CTAE Pathway when they have completed a series of three or four specific courses in a CTAE approved pathway. CTAE pathway courses are listed in this catalog at the beginning of the CTAE section.

| Course Name/Description | Course Number | Prerequisite |
| :---: | :---: | :---: |
| Introduction to Law \& Justice ( $\mathbf{Y}$ ) is the foundational course that prepares students for a pursuit of any career in the field of Law and Justice. <br> Basic concepts of law related to citizens' rights and officers' responsibilities to maintain a safe society will be examined. Students will then examine the components of the criminal justice system, including the roles and responsibilities of the police, courts, and corrections. | 43.4500099 | None |
| Law, Community Response, and Policing ( $\mathbf{Y}$ ) This course emphasizes the structure of the American legal system while examining constitutional legal issues. | 43.4350099 | Intro. To Law \& Justice |

| Course Name/Description | Course Number | Prerequisite |
| :---: | :---: | :---: |
| Introduction to Healthcare Science (Y) This course is appropriate for students wishing to pursue a career in the Healthcare Industry. Fundamental healthcare skills development is initiated including medical terminology, microbiology, and basic life support. Students are required to meet both national and intrastate professional guidelines as designated by applicable regulatory agencies such as the Occupational Health and Safety Administration (OSHA) and Center for Disease Control \{CDC\}. | 25.5210099 | None |
| Essentials of Healthcare (Y) Anatomy and Physiology is a vital part of most healthcare post-secondary education programs. The Essentials of Healthcare is a medical-focused anatomy course addressing the physiology of each body system, along with the investigation of common diseases, and emerging diseases. The prevention of disease and the diagnosis and treatment that might be utilized are addressed, along with medical terminology related to each system. This course provides an opportunity to demonstrate technical skills that enforce the goal of helping students make connections between medical procedures and the pathophysiology of diseases and disorders. The pre-requisite for this course is Introduction to Healthcare. <br> **Students can earn their $4^{\text {th }}$ Science credit with this class. | 25.4400099 | Intro. To <br> Healthcare Science |

Audio/Video Technology, \& Communications
Audio \& Video Technology and Film

| Course Name/Description | Course Number | Prerequisite |
| :--- | :---: | :---: |
| Audio \& Video Technology and Film I (Y) <br> prepares students for employment or entry into a postsecondary <br> education program in the audio and video technology career field. <br> Topics covered may include, but are not limited to: terminology, <br> safety, basic equipment, script writing, production teams, production <br> and programming, lighting, recording and editing, studio production, <br> and professional ethics. | 10.5181099 | None |
| Audio \& Video Technology and Film II (Y) is the 2nd course <br> in the Audio \& Video Tech pathway. This course will prepare students <br> for a career in Audio Video Technology and Film production and/or <br> transfer to a postsecondary program for further study. Topics include <br> Planning, Writing, Directing and Editing a Production; Field <br> Equipment Functions; Operational Set-Up and Maintenance; Advanced <br> Editing | 10.51910999 | Technology and Film |
| Operations; Studio Productions; Performance; Audio/Video Control <br> Systems; Production Graphics; Career Opportunities; and Professional <br> Ethics. |  | I |

## Graphic Design

## Course Name/Description

Course Number Prerequisite
Intro to Graphics \& Design (Y) is designed as the foundational course for both the Graphics Communication and Graphics Design pathways. This course provides students with the processes involved in the technologies of printing, publishing, packaging, electronic imaging, and their allied industries. In addition, the Graphics and Design course offers a range of cognitive skills, aesthetics, and crafts that includes typography, visual arts, and page layout.

Graphic Design \& Production (Y) is the second course in the Graphics Communication and Graphics Design Pathways. This course builds on knowledge and skills learned in the Introduction to Graphics and Design course and focuses on procedures commonly used in the graphic communication and design industries. Students will gain more experience in creative problem solving and the practical implementation
48.5620099

Intro to of those solutions across multiple areas of graphic design and graphic communications.

| Course Number | Prerequisite |
| :---: | :---: |
| 48.5610099 | None |
| 48.5620099 | Intro to <br> Graphics \& Design |

## Business

## Course Name/Description

Course Number
Prerequisite
Intro to Business \& Technology ( $\mathbf{Y}$ ) provides an overview of business and technology skills required for today's business environment. Knowledge of business principles, the impact of financial decisions and technology proficiencies demanded by business combine to establish the elements of this course. Emphasis is placed on developing proficient fundamental computer skills required for career pathways. Students will learn essentials for working in a business environment and managing and owning a business.

Business and Technology (Y) is designed to prepare students with the knowledge and skills to be an asset to the collaborative, global, and innovative business world of today and tomorrow. Mastery use of spreadsheets and the ability to apply leadership skills to make informed business decisions will be a highlight of this course for students.
07.4413099

None

Intro. To Business \& Technology

Legal Environment of Business ( $\mathbf{Y}$ ) is the $2^{\text {nd }}$ course in the Entrepreneurship pathway. It addresses statutes and regulations affecting businesses, families, and individuals. Students will get an overview of business law while concentrating on the legal aspects of business ownership and management. Legal issues addressed include court procedures, contracts, torts, consumer law, employment law, environmental law, international law, and ethics.

Intro to
Business \&
Technology

Government \& Public Administration

## AJROTC Army

## Course Name/Description

## Course Number Prerequisite

AJROTC Army I Introduction to Leadership introduces the history, purpose and objectives of the JROTC program, concepts of leadership, and military customs and courtesies. The course includes: drills and ceremonies, an introduction to leadership theory, marksmanship, safety, hygiene, first aid, and group management. An introduction to maps and map reading is also presented.
AJROTC Army II Expands upon the leadership process and further develops the cadet's leadership ability in drill and ceremony. It includes intermediate techniques of oral communications, intermediate map reading, intermediate first aid, marksmanship and safety, in addition to studies of the U.S. Army, places and times, to include reviews of significant military campaigns and leaders
