STUDENT CONSIDERATIONS FOR DIGITAL LEARNING

- REMOTE STUDENTS -

Follow these helpful tips to maximize student success in digital learning environments.

Organization:
- Keep your materials together in one workspace (chargers, pencils, markers, paper, notebooks, headphones, etc).
- Bookmark frequently visited sites.

Communication:
- Know your teacher’s preferred method of communication.
- Know how to use student email in Outlook to email your teacher.

Questions & Support:
- Have a buddy in the class you can reach out to if the teacher is unavailable.
- Make a list of questions you have during asynchronous work, so you can ask your teacher at a later time.
- Take advantage of teacher support sessions and sign up for extra help when needed.
- Know how to access your CTLS Troubleshooting Guide and CTLS Learn Student/Parent Resources.

Digital Citizenship:
- Be mindful of Live Session Best Practices.

Routines:
- Use timers/alarms to set routines and do not miss live sessions.
- Restart devices daily and log into Microsoft 365 to check your student email in Outlook.
- Make time to review your asynchronous activities and assignments in CTLS Learn.
