5. Once students are finished entering their elective requests and alternates, they should call the teacher over to review.

- Please check students have no more than 3 PE courses:

- 2 Requests with 1 Alternate
- 1 Request with 2 Alternates

- After you have verified students have 8 total requests and 4-8 alternates, please have student select **“Lock Course Requests”**.

- After students have locked their course requests, they can logout of StudentVue.

Reminders

Acceleration Window - Feb. 9 – Feb. 19, 2023

This form is needed when a student would like to double up, during the same school year, in an Academic Core class. For example, he/she has taken their required English class the 1st semester and would like to take another English class the 2nd semester. They may do this for any number of reasons, such as, getting ahead and challenging themselves, attempting to graduate early or trying to catch up if they failed an academic core class and need to repeat it. *This is NOT to change an elective they have requested but would rather not take.*

Waiver Window - Feb. 9 – Mar. 19, 2023

Students and parents may complete a waiver application to move up or down a core level based on middle school teacher placement. Waivers require guardian signatures to move up or down a level which is contrary to the recommendation of the school. *For example, he/she has been recommended for on-level 9th Lit and would like to challenge themselves and feels they can handle Honors 9th Lit. Or vice-versa, recommended for Honors World Geography and they prefer to take on-level World Geography. This is NOT to change an elective they have requested but would rather not take.*

If you wish to change a core recommendation from your current teacher, please submit a WAIVER. These must be submitted online using the link found at <https://kmhsadmin3.weebly.com/>.
