## Latin Club

Our purpose is to encourage an interest in and an appreciation of the language, literature, and culture of ancient Greece and Rome and to impart an understanding of the debt of our own culture to that of Classical antiquity. We love to learn Latin, carve pumpkins, travel together, and have fun. If you have taken or plan to take a Latin course during your time at WHS, you are welcome to join us! Dues are \$25, which includes a t-shirt and an introduction into our annual Gens Cup competition.

We meet bi-monthly on Thursdays, with several state events otherwise announced.

## CircuitRunners Robotics

### About Us

We are CircuitRunners Robotics, a nonprofit FIRST robotics organization based at Wheeler High School. We were established in 2002, and our mission is to provide STEM-based learning opportunities to students and the community. We have been competing for almost 20 years across FIRST Robotics Competition and FIRST Tech Challenge inspiring hundreds of students to use their CircuitRunners experience to be a foundation for a strong STEM career.

We have helped teams from around the world become better

through mentoring and competition, and we do our best to show students what is possible through a STEM education.

**Meeting Times and Locations:** Everyday after school from 3:30 to 5:30, either virtually or in the outside auditorium. You can come and help on your own schedule, there is no expectation to come everyday or stay the entire time!

## Wildcat Water Polo--2021 State Champions!

What is Wheeler's most successful sport over the last 5 years? No, not basketball. It's Water Polo! The Wheeler Boys' team won state in water polo again, and the Girls finished 3rd in state!!! Our teams have won four state championships since 2017 (In addition to the boys this year, championships include boys in 2017 and 2019 and girls in 2018). Even though our varsity teams are the most dominant teams in the state (and our JV boys also won their state tournament this year), we still have plenty of opportunities for students who have never held a water polo ball before. We have six teams (Boys Varsity and Junior Varsity, Girls Varsity and Junior Varsity and two developmental teams). Almost 100 students play for these teams, and their skill levels range from All State to brand new.

Whether you decide to come to Wheeler or not, come join us for our non-competitive season this spring and see if water polo is something you might like to try when you get to high school. Check out our club team page: [Kraken Water Polo](#).

## Wheeler Indian Cultural Association(ICA)

\*\*\*\*\*

ICA aims to cultivate the Indian culture at Wheeler and educate those who don't know about it through introducing students from all religions, ethnicities, and backgrounds.

Our goal this year is simple: create a tight knit community of students who are interested about Indian culture and life. If you are interested, join us for our meetings by following our Instagram and joining the remind below! We normally have meetings once a month and social events throughout the year!
